

Spinal Cord Injuries Centres

Slater and Gordon Lawyers are one of the country's leading claimant personal injury law firms, recovering millions of pounds worth of compensation for accident victims every year. We are experts in securing the maximum amount of spinal cord injury compensation and getting rehabilitation support as quickly as possible.

Slater and Gordon Lawyers understand the sudden change in lifestyle caused by an injury to the spinal cord and the immediate strain this places on finances. That is why with Slater and Gordon Lawyers on your side, a No Win, No Fee (Conditional Fee) agreement can enable you to get the support and financial compensation you need to live with a spinal cord injury, not only in the short term, but also to provide for your future needs.

Every spinal cord injury claim is different and the amount of compensation paid will vary from case to case. We will however give you an accurate indication at the earliest stage as to how much compensation you could expect to receive, to help you plan for your future.

Slater and Gordon Lawyers have a specialist team dedicated to pursuing compensation claims on behalf of those who sustain spinal cord injury in all types of accident, be it a road traffic collision, an accident in the workplace or whilst on holiday or travelling in a foreign country. Our expert solicitors provide total support for our clients, particularly at times when they may feel at their most vulnerable. We approach each case with understanding and sensitivity.

Where possible, we will seek to secure an interim payment of compensation to relieve financial pressures and cover immediate expenses. We can also provide advice on long-term financial planning and rehabilitation.

Contact Slater and Gordon Lawyers for a free consultation. We will be happy to help you. Freephone [0808 175 8105](tel:08081758105) or visit our website at www.slaterandgordon.co.uk

Slater and Gordon Lawyers are proud to be a Diamond Corporate Sponsor of the Spinal Injuries Association and a wider supporter of their services. By supporting the SIA, we understand the need to raise money which will go towards funding SIA's key services such as their Advice Line, website and peer support in the spinal injury centres, hospitals and wider community.

WHAT IS SIA?

SIA is the national charity for people with spinal cord injuries and their families. If you, a relative or friend is paraplegic or tetraplegic, or you are interested in our work, why not join us? Membership is free of charge and all new UK members will receive a year's free subscription to SIA's bi-monthly magazine *Forward*. An annual subscription to *Forward* is £20.00.

We also circulate a monthly email newsletter, 'e-clips' to all who subscribe while our popular interactive website offers a Message Board as well as hundreds of pages of useful information.

We produce a wide range of publications (available to purchase) which deal with all aspects of living with spinal cord injury, e.g. books on bowel and bladder management, sexuality, publications for health care professionals, as well as sports opportunities. We also have an extensive series of Factsheets on a wide range of topics, and, for those pursuing a compensation claim; we publish a Directory of Personal Injury Solicitors.

Our Freephone Advice Line is accessible by e-mail, fax, post and telephone and provides accurate and up-to-date information on subjects including welfare advice, specialist equipment, legal rights etc as well as health related topics. We run a Vocational Support service for those wishing to return to employment, retrain or take up volunteering. Our Health and Ageing projects both work to improve the quality of life of spinal cord injured people and can be accessed via the Advice Line. Externally, our Outreach Service, staffed by spinal cord injured people, operates at all ten Spinal Injuries Centres in England, Wales and Northern Ireland, as well as out in the community, on a regional basis.

SIA also actively campaigns on vital issues affecting the everyday lives of disabled people, as set out in our campaigns manifesto. We are represented on major voluntary and statutory bodies and our own Governing Board is composed of spinal cord injured people. We have our own state-of-the-art premises, SIA House, which combines the twin principles of inclusive design and accessibility and from here we run the only specialist spinal cord injury Library in the country.
